Sounds good. We can pick one up at the Ag CoOp in Durango and install. You didn't put a date, just "Wednesday Sept". Assuming you meant next Wednesday, no problem.

Subject: Security Gate - Gold King Rd

Matt,

Please source a gate to install at the Gold King mine access road. The gate needs to be wide clearance (Locking Barrier Arm Gate). Please plan on having the necessary supplies and gate installed by Wednesday, Sept

The need for 24 hr security is going to come to an end. We may want to maintain some presence during the day and into the early evening. We'll discuss this with the county in the near term, but once HW is here and set up and as visitor activity drops.

Steve
